If this is a practice game or scrimmage or no team has been designated as home or visitor, then a coin flip will determine who will be the home team. If the game is being played on a field without a designated bench area, then the Manager should determine a reasonable bench area for his/her team.

This area should be in a reasonable position so that all players may view the game at all times and yet be sufficiently away from the baselines and home plate to provide a safe margin of area that foul balls or errant throws can be pursued. The designated bench area should be free of spectators and NO spectators will be allowed between the bench area and the playing field.

- b. All players not actively in the game must be in the designated bench areas.
 - i. A player is actively in the game if that player is fielding, batting, on base, the on-deck batter or warming up at the Manager's / Coach's direction. A player serving as a 1st or 3rd base Coach is also actively involved in the game.
 - ii. A Coach is actively involved in the game if coaching 1st or 3rd base, or pitching (in the Rookies League). A Coach is not actively in the game (not permitted out of the designated area) when his Team is on defense.
- c. All equipment must be intact / safe for their intended use, and kept away from the field of play.
- d. All unauthorized persons must be kept away from the bench area and from interfering with the players on your team during games. This includes parents, spectators & siblings (NO exceptions will be allowed, due to insurance restrictions) !! They should be requested to sit and observe the game from designated bleacher areas.

The maximum number of Coaches (including the Manager and scorekeeper) allowed per team within the bench area may not exceed a total of four (4) adults. Note for District / State Tournaments, the number of Manager / Coaches shall not exceed three (3) adults.
